CAMDEN MIDDLE SCHOOL MISSION STATEMENT

We will ensure a safe and caring environment where all students develop skills and gain knowledge necessary to be successful in life.

OUR STAFF BELIEVES

1. Everyone can learn.
2. Education is a major building block for success.
3. Education is the shared responsibility of the school, students, parents, and community.
4. Everyone deserves a safe learning environment.
5. Strength comes from diversity of people, resources, and programs.
6. Efficient and effective operations ensure a quality environment.]
7. Students deserve highly qualified, motivated, and talented teachers who hold high expectations.
8. Educators deserve to teach in a classroom free of disruptions and distractions.
9. Student success and independence are greatly impacted by effort and attitude.
10. Progress comes from willingness to change.

PARENTAL RESPONSIBILITIES

The board of education believes that the ultimate responsibility for a student's behavior rests with his/her parents. Students are to respect constituted authority, which includes obedience to school rules, regulations, and procedures. The board anticipates that parents will be concerned and cooperative in dealing with any behavioral problems that may arise and expects that this cooperation will be made apparent to the child. Therefore, one of the most significant objectives of discipline must be to develop with the individual student the desire to exercise his rights judiciously. To realize this objective, the school reserves the right to hold parental conferences, guidance conferences with the court, and the right to request schedule changes or psychological examinations and/or treatment.

LEAVING SCHOOL DURING SCHOOL HOURS

Early dismissals are discouraged, but if it becomes necessary for a student to leave school during the day, arrangements should be made before leaving home, and the procedure outlines below should be followed:

1. The student is to bring to the front office prior to 7:55 a.m. a note signed by his/her parents stating:
 - a. The time of early dismissal
 - b. The reason for early dismissal
 - c. The mode of transportation
 - d. The person providing transportation
2. The names of students who have permission to leave school will be written in the morning report, and at the appropriate time, they will be dismissed from class to report to the office to sign out.
3. No student is permitted to leave school early without signing out and being properly dismissed through the school office.
4. When a student returns to school the same day after checking out, he is to report to the office with a note from a doctor or dentist, sign in, and get a pass to class.
5. To relieve the school of liability, no student will be allowed to leave the school grounds during the school hours unless he has received prior written permission from his parents as set out in No. 1 above, or unless a parent comes to the school office and signs a written permission.
6. In case of illness, the student should report to the nurses' station. If the student's illness requires that he/she leave school, the parents will be called and the secretary may dismiss the student after the parents come and sign out the student.
7. No student will be allowed to leave campus with a person who is not so designated by the parent/guardian.
8. Students leaving campus **MUST** properly "sign-out" at the main office.
9. Students leaving campus will not be permitted to return that day unless accompanied by a parent, parent note, or a doctor/dentist appointment verification slip.

STUDENTS STAYING ON SCHOOL GROUNDS AFTER SCHOOL HOURS

Students are not allowed to remain on school grounds after school hours unless they are under the direct supervision of a teacher/coach. Students who are picked up by parents must be picked up by 3:30 p.m. Parents who do not get off work until after this time must make other transportation arrangements for their children. Repeated violators will be assigned to ride a bus. Students who have been suspended from the bus must be picked up prior to 3:30 p.m. Students who stay for after-school detention must be picked up at the designated time. Unauthorized students will not be under school supervision after 3:30 p.m. and must leave the school grounds. Emergency situations would need to be approved by the school administration.

INTERSCHOLASTIC ATHLETICS

The purpose of the CMS athletic program is to provide qualified students an opportunity to participate in an extracurricular athletic activity that will foster physical skills, a sense of work and competence, a knowledge and understanding of the pleasure of sports, and the principles of fair play. However, we must remember that the athletic program is always secondary to our major task, which is academic instruction. Anytime there is a conflict between the academic program and the athletic program, the academic program always takes precedence.

Competitive Interscholastic Activities, Grades 6-12

Descriptor Code IDEA (3)

The board of education (“the board”) hereby adopts this policy regulating competitive interscholastic activities.

1. Each middle and high school principal shall regulate competitive interscholastic activities in her or her school and shall ensure that all staff members adhere to the school system’s athletic guidelines, this policy, and related rules of the State Board of Education. The principal may delegate responsibility for supervising one or more student activities and clubs to a member or members of the professional staff, provided such individuals must act under the principal’s direction.
2. A student wishing to participate in interscholastic activities must be enrolled full-time in the school system during the semester of participation.
3. Retention of students for athletic purposes is prohibited.
4. Each principal of a school covered by this policy shall maintain documentation of adherence to the requirements of the policy. The board is responsible for regulating competitive interscholastic activities in grades 6-8, and therefore adopts the middle grade requirements set forth in State Board Rule 160-5-1-.18 (Competitive Interscholastic Activities in Grades 6-12), as to student eligibility, physical examinations, and special provision.

PHYSICAL EXAMINATIONS

All students in grades 6-8 who participate in competitive interscholastic athletics and cheerleading shall have an annual physical examination prior to participation in any tryout, practice, or conditioning, whichever comes first. The physical examination form shall indicate approval for participation and be signed by a doctor of medicine or a doctor of osteopathy. The physical examination form shall include the date that the exam was performed (month, day, and year), the student’s name, and the physician’s signature.

PROMOTION STANDARDS AND CRITERIA

Revised Feb. 14, 2012

Descriptor Code IHE

Grades 6-8

Students must pass language arts/reading, mathematics, science, social studies, and ½ of exploratory/connections classes.

Administrative Placement of Students

Any student who does not achieve the prescribed criteria above in each grade (K-8) may be referred to an administrative placement team which will consider the student's potential for success and make recommendations for placement in non-routine promotion-retention cases. Parents are to be invited to participate in this process. It is in the best interest of the student to be placed at the beginning of the school year; however, in some cases, the decision is made at semester to place students from an elementary school to a middle school. This decision must be made with the agreement of both the receiving and sending principals, and with parental involvement. If consensus between school and home cannot be reached, the principal's decision shall be the overriding decision.

Requirements for Grades 1-8 (Policy IHE)

Promotion of a student shall be determined as follows:

1. No student in grades five or eight shall be promoted to the next grade if the student does not achieve grade level on the Criterion Referenced Competency Tests (CRCT) in reading and mathematics, and meet local promotion criteria;
2. The school principal or designee may retain a student who performs satisfactorily on the CRCT, but who does not meet promotion criteria established by the Camden County Board of Education.

SAFETY

The rules of safety will be constantly emphasized in our school. Industry places a premium of safe workers. Many lives are lost and many workers suffer countless injuries when the rules of safety are ignored or flaunted. The following are general safety rules.

1. Obey warning and danger signs.
2. Horseplay, fighting, wrestling, or childish behavior has no place in this school.
3. Do not throw objects. Do not run in corridors.
4. Report all injuries, no matter how slight, to your instructor. An accident report will be completed on all injuries.

Dangerous behavior: Students who exhibit dangerous behavior, i.e. running in the halls, throwing objects, rough play, etc. will be subject to appropriate disciplinary actions.

STUDENT DROP OFF AND PICK UP

Students must not be dropped off at school before 7:15 a.m. Vehicles dropping off students should remain in single file of the drop-off lane which is closest to the sidewalk. Students should exit their vehicles on the side closest to the sidewalk to avoid them being placed in traffic lanes. Student must be escorted or acknowledged for permission by supervisors before crossing the drive when they are loading into vehicles parked across the drive in the visitor's parking spaces. Students should only be dropped off in front of the school. Students should not be picked up or dropped off in other areas of the campus.

DRESS CODE

A student shall not dress or groom himself or wear or use emblems, insignias, badges, or other symbols where the effect thereof is to distract unreasonably the attention of other students or otherwise to cause disruption or interference with the operation of the school. The principal, or other duly authorized school official, shall determine whether any particular mode of dress, apparel, grooming or use of emblems, insignias, badges, or other symbols result in such interference or disruption, and if this is the case, all students will be informed by announcement or posting at the school.

Students should always dress in a manner that does not disrupt the learning environment. Tank tops (also tank tops worn under jackets), mesh tops, unbuttoned shirts, and bare backs or midriffs are NOT allowed. Appropriate footwear must be worn at all times. Bedroom slippers may not be worn. Shoes must be tied and/or fastened.

Sleeveless clothing is allowed as long as the shoulders are covered and no undergarments are visible. Pants of appropriate size will be worn at the waist and zipped. Belts will be buckled, and undergarments must not be visible. Shorts or dresses are not to be excessively short or too tight. The standard for shortness (shorts, skirts, dresses) is as follows: the shortest part of the student's shorts or skirt (including slits) must not exceed 5" from the crease in the back of the knee when standing. Plunging necklines or excessively tight figured clothing is prohibited. Spandex or stretch pants are allowed provided the student has a skirt or shirt covering the spandex that meets the 5" rule as stated above. Students may not wear spandex or stretch pants/shorts as an individual clothing item.

Unusual or clownish dress is not permitted (i.e. pajamas or costumes). No spiked bracelets, belts, or gloves are to be brought to school. No large bulky finger rings or chains may be worn. This includes any type of chain that the principal feels could be used as a weapon. No hats, caps, sweatbands (unless for sporting event usage), sunglasses, or bandanas are to be brought to the school. Students may not wear clothes depicting or promoting violence, other anti-social behavior, sexual content, or alcohol/drug-related words or images. Rips in jeans and pants are allowed as long as there are no gaping holes revealing skin or underwear. **The final determination concerning this policy will rest with the principal of the middle school.** Students found to be in violation of the dress code policy will receive:

2nd Offense: 3 days lunch detention

3rd Offense: 1 day ISS

4th Offense: 3 days ISS

5th Offense: 2 days OSS

PLEDGE OF ALLEGIANCE /MOMENT OF REFLECTION - [Policy IKD](#)

In compliance with Georgia law, each school in Camden County shall provide students the opportunity to recite the Pledge of Allegiance to the United States of America flag and participate in a moment of silent reflection.

PARENT/SCHOOL COMMUNICATION

When parents have questions or concerns about their children, the first line of communication should be the classroom teacher. If concerns or questions are not resolved, contact with the school counselor or administrator is appropriate. Questions or concerns about school policies or procedures should be directed to administrators. If parents still have concerns about the outcome or response from school administrators, they need to contact system level personnel based on the specific concerns at 912-729-5687.

PARENTLINK

In an effort to provide efficient communication to parents, Camden County Schools will continue to use the ParentLink calling system providing the daily notification of student absences at all school levels. In elementary and middle schools, student attendance will be taken at the start of school. Phone calls indicating student absences will begin at 9:00 a.m. A parent/guardian transporting a student to school and arriving after the start of school may receive a phone call indicating the student is absent. These students will be marked tardy for the day, but because of the timing of the tardy, an absence call may go out.

DIRECTORY INFORMATION

Camden County Schools has designated the following information as directory information: student's name, address, and telephone number; date and place of birth; participation in official school clubs and sports; weight and height of student if he/she is a member of an athletic team; dates of attendance at the school system schools; awards received during the time enrolled in the Camden County School System. Unless otherwise requested within 10 days after enrollment, the information above may be disclosed to the public.

USE OF STUDENT PHOTOGRAPHS/VIDEO FOOTAGE

The Camden County School System utilizes student photographs/video footage to recognize students for awards and achievements and to publicize school activities and events. Unless otherwise requested within 10 days after enrollment, photographs/video footage of your child or you may be used for the purposes indicated above.

CHILD STUDY TEAM

Consistent with the agreement reached in [Georgia State Conference of Branches of NAACP v. Georgia](#) (Ollie Marshall Case), the board of education believes that the child study team (CST) is an effective tool for students experiencing problems in school and for assisting teachers in addressing identified problems. The CST provides services through the regular education program, including instructional planning and consultation that includes those individuals responsible for the educational well-being of the instructional process for planning educational delivery systems.

GUIDANCE SERVICES

Guidance services help provide personal opportunities and specialized staff services so that each individual can develop to the fullest of his/her

abilities and capacities. The counselors are available for consultation with students, teachers, and parents concerning students' problems. Personal counseling is one of the main functions of the department. Students with problems come either voluntarily or by referral from teachers, administrators, or parents.

SOCIAL WORK SERVICES

School Social Work Services are available to all Camden County students and their families. Occasionally students may experience difficulties which negatively affect their behavior, school attendance and/or academic performance. School social workers provide assistance in helping families and students bridge the channels between home, school, and community resources in order to improve student's educational opportunities. School personnel can make referrals to social workers when there is the need for additional support. Parents and students may also contact the school social worker at 729-5687 for assistance.

COMMUNICABLE DISEASE – [Policy JGCCA](#)

A student who has a dangerous communicable disease that poses a substantial threat to the health or safety of the school community may be removed from the school by the principal on the approval of the superintendent until such student no longer poses a threat. This also applies to those children who are found to have head lice, chicken pox, impetigo, unknown rashes, ringworm, and conjunctivitis. The Camden County Board of Education has adopted a nit free policy and proper procedures should be followed before students are allowed back in school.

ACCIDENTS AND INSURANCE - <http://www.markelinsurance.com/Pages/Default.aspx>

The school is responsible only for immediate first aid. Camden County Schools does not pay any medical or hospital bill incurred as a result of an accident to a student at school. The parent or guardian is responsible for the payment of such bills. We urge you to consider the protection afforded through school insurance. You will be given information regarding various insurance plans during the first week of school. All accidents, no matter how minor, should be reported to the teacher immediately. First aid for minor injuries is available in the school clinic. In the case of severe accidents or acute illness, emergency care will be given and parents will be notified.

BICYCLE SAFETY - [O.C.G.A. 40-6-296](#) Georgia law requires children under the age of 16 to wear a helmet.

FIRE DRILLS - [Policy EBBC-R](#) Georgia law requires schools to conduct fire drills monthly. Procedures are established at each school.

EMERGENCY CLOSINGS - [Policy AFC](#) and [Policy AFC-R](#)

In the event of foul weather that would prevent the safe transportation of students to the schools or any other emergency situation that would affect the safety or well-being of students, or otherwise make it impractical or impossible for the normal operation of school, the superintendent, in collaboration with the board of education, will close the schools until said emergency condition no longer exists. In the case of sudden change of weather conditions, the safety of students shall be the number one priority. Decisions concerning the early or late dismissal of students will be determined by the severity of the weather conditions and surrounding circumstances. If it is determined that students will be dismissed other than at the regular time of dismissal, all efforts will be made to contact the local media. The school system requests parents stay tuned to local radio and television stations during inclement weather. Since it would be impossible to individually contact parents, the school system will make every effort to inform these stations if dismissal times are changed.

PARENT PROTOCOL DURING SCHOOL CRISIS

Camden County Schools works closely with local emergency agencies to establish protocols in the case of a crisis. Each school has developed an Emergency Operations manual in compliance with Georgia law which identifies roles and responsibilities. Parents are urged to follow all directions at the site. You will be instructed to the Family Reunification Site for child pickup. This is the only area designated for parent/student reunification. Please do not approach emergency personnel. Anyone picking up students must have proper picture identification and sign for the children's release.

PROGRESSIVE DISCIPLINE PROCESS

A progressive discipline process is an integral part of an effective school system. It helps correct student behavior and helps bring it within acceptable standards, ensuring a safe and productive school. The goal of progressive discipline has three components: 1. To reform the student and bring his or her conduct within acceptable standards; 2. To deter other students from engaging in similar conduct, and 3. To maintain control over the school as a whole and maintain school standards.

SCHOOL GUIDELINES FOR STUDENT BEHAVIOR

At all times in the school setting students are expected to respect themselves, the adults at the school, other students and their property, and school property. This applies to anytime the student is at school events or on school property, including the school bus. Teachers will review behavioral expectations for all areas of the school.

STUDENT BEHAVIOR CODE - [Policy JCDA-R](#)

PART A - PURPOSE

The purpose of this code is to provide students in the Camden County School System an effective and safe learning environment. This has been prepared in accordance with the discipline procedures of the Camden County School System. It contains information for school personnel, students, and parents. Included is an outline of expected behaviors and the consequences relating to various violations. Expected behavior is behavior that promotes learning and encourages maturity during the school day, as well as during all school related activities. Students and their parents need to know and understand this code in order to achieve these goals. Students should:

1. Participate fully in the learning process. Students need to report to school and class on time, attend all regularly scheduled classes, remain in class until excused or dismissed, pay attention to instruction, complete assignments to the best of their ability, and ask for help when needed.
2. Avoid behavior that impairs their own or other students' educational achievement. Students should know and avoid the behaviors prohibited by this code, take care of books and instructional materials, and cooperate with others.
3. Show respect for the knowledge and authority of teachers, administrators, and other school employees. Students must obey reasonable directions, use acceptable and courteous language, avoid being rude, and follow school rules and procedures.
4. Recognize and respect the rights of other students and adults. All students should show concern for and encouragement of the educational achievements and active participation of others.

Disciplinary actions for violations of expected behaviors will include appropriate hearings and reviews. In all cases, the rights of individuals will be ensured and protected. The Camden County School System will make every reasonable effort to administer the discipline code consistently in all schools. When applicable, individualized plans (i.e. IEP, 504, and CST) will be reviewed for appropriate consequences. Parent involvement through conference is the most desirable avenue for correcting behavioral problems and will be used when possible. Conferences may stand alone or may be used in conjunction with other forms of discipline. Other disciplinary actions subject to the discretion of the principal may include any or all of the following: conferences (may include student, teacher, parents, or outside agencies), detention, work assignments, suspension of privileges,

corporal punishment, placement in the alternative school, OSS (1-10 days), or referral to law enforcement. The State of Georgia has written a law which encourages parents and guardians to inform their children on the consequences, including potential criminal penalties, of underage sexual conduct and crimes for which a minor can be tried as an adult.

Discipline Glossary & Law Violation Terms – see policy link for definitions - [Policy JCDA-R](#)

STATEMENT OF STUDENT MISCONDUCT

These rules are designed to notify students as to the types and range of behaviors that are unacceptable; nevertheless, every specific variation of the prohibited conduct may not have been included. Consequently, students should expect to be disciplined for misconduct. A specific rule need not be written for every conceivable variation of behavior that directly affects the orderly mission of the school.

Disciplinary Action Plan

Depending upon the age of the student, the administration will choose the age-appropriate discipline plan. Progressive discipline processes and types of consequences used may vary depending upon whether the student attends a high school, middle school, or elementary school.

The Disciplinary Action Plan will be applied as a progressive process. Student discipline is assigned based on the severity and/or frequency of code violations. This means that a serious or major offense should result in a higher level of discipline even if the offense is the first of that kind. Repeated code violations result in the application of higher levels of discipline as determined by the principal or designee.

CONSEQUENCES OF STUDENT MISCONDUCT

A student could be referred to a disciplinary tribunal which may result in long-term suspension or expulsion; and, depending upon the severity of the offense, juvenile court or law enforcement may be contacted. Administrators must acquire parental permission before administering corporal punishment.

STUDENT BEHAVIOR CODE AND CONSEQUENCES

The following rules apply while students are:

1. on the school grounds at any time;
2. off the school grounds at a school activity, function, or event;
3. enroute to and from school or to or from a school activity, function, or event, on school transportation;
4. off the school grounds while the student is in attendance at any school function, or is engaged in
5. activity that could have a direct effect on the orderly function of the school, or is otherwise subject to
6. the jurisdiction of school authorities; and/or
7. off the school grounds when the misconduct is directed at a school student or employee and is related to the victim's school affiliation or when the off-campus misconduct directly affects the safety and welfare of the school community or the orderly mission and function of the school.

- e. refuse to identify himself/herself upon request of any teacher, principal, superintendent, school bus driver, or other school personnel;
- f. incite, advise, or counsel other students to engage in prohibited acts or violate any rules of the Student Behavior Code;

- h. fail to comply with reasonable verbal or written directions, rules, regulations, or commands of teachers, student teachers, substitute teachers, paraprofessionals, principals, school bus drivers, or other authorized school personnel;
- i. dress, groom, wear, or use emblems, insignia, badges, or other symbols where the effect thereof is to distract the attention of other students or cause disruption or interference with the operation of the school. The principal or other duly authorized school official shall determine if symbols result in such interference or disruption as to violate this rule. Rules concerning dress codes and procedures will be discussed in more detail in each school's student handbook.

RULE 2 - DAMAGE, DESTRUCTION, OR MISUSE OF SCHOOL PROPERTY OR EQUIPMENT

A student shall not cause or willfully or maliciously attempt to cause damage or vandalism to school property or alter/misuse school technological equipment or hardware, including accessing unauthorized areas on the computer. A student shall not steal or attempt to steal school property. This rule also applies off school grounds when the misconduct by the alleged perpetrator is due to or because of or a result of the school employee's performance of his/her official duties.

A Disciplinary Tribunal Panel will determine all issues of fact and intent relative to incidents of alleged physical violence toward a teacher or school employee. The tribunal shall submit its findings and recommendation to the Camden County superintendent for imposition of punishment. The Board of Education may follow the recommendations of the tribunal or impose penalties not recommended by the tribunal.

A student found by a tribunal to have committed an act of physical violence against a teacher, school bus driver, school official, or school employee involving intentional physical contact of an insulting or provoking nature shall be disciplined by expulsion, long-term suspension, or short-term suspension. In cases where the physical violence involves intentionally making physical contact which causes physical harm (unless such contact is in self-defense), the student shall be expelled from the school system for the remainder of the student's eligibility to attend public school. It is further mandated that students who are found guilty of the "causing physical harm" variety of physical violence be referred to juvenile court with a request for a petition alleging delinquent behavior. The Board of Education has some discretionary power regarding students in kindergarten through grade 6 since there is no alternative school for students in those grades.

Acts of bullying shall be punished by a range of age appropriate consequences through the progressive discipline process, as stated in the Code of Conduct. Such consequences shall include, at a minimum and without limitation, disciplinary action or school counseling, as appropriate under the circumstances. Procedures will be developed at each school encouraging a teacher or other school employee, student, parent, guardian or other person who has control or charge of a student, either anonymously or in the person's name, to report or otherwise provide information on bullying activity. Any teacher or other school employee who, in the exercise of his or her personal judgment and discretion, believes he or she has reliable information that would lead a reasonable person to suspect that someone is a target of bullying is encouraged to immediately report it to the school principal or designee. Any report will be appropriately investigated by the administration based upon the nature of the complaint in a timely manner to determine whether bullying has occurred, whether there are other procedures related to illegal harassment or discrimination that should be implemented and what other steps should be taken. Any report of retaliation for reporting bullying will also be investigated and addressed as called for in this policy and in accordance with school procedures.

This is contrary to the school environment and educational objectives and creates an atmosphere where unlawful acts or violations of school regulations may occur. Incidents involving initiations, hazings, intimidations, and/or related activities of such group affiliations which are likely to cause bodily danger, physical harm, or personal degradation or disgrace resulting in physical or mental harm to students are prohibited.

In accordance, the Camden County Board of Education is dedicated to preventing the influence of gang/hate groups or gang/hate group-related activities in its schools and will accept a zero tolerance for such activities. PART B

Clubs and organizations shall operate within the guidelines of the student behavior code of conduct.

BUS CONDUCT

The school bus is an extension of the classroom. Problems on school buses will be handled in the same manner as other school disciplinary problems. Students will be informed of specific rules, regulations, and consequences. Rules for bus behavior include, but are not limited to, the driver's instructions must be obeyed at all times; fighting is not permitted; weapons are not allowed; appropriate language must be used; possession or use of tobacco, alcohol, and drugs is prohibited; and students must remain seated when the bus is in motion.

When handling inappropriate bus behavior, a school administrator will discuss the behavior with the student, determine consequences of misbehavior, and talk to parents about student's behavior. Penalties for inappropriate behavior will be determined according to the frequency and severity of the violation(s). When behavior is habitual or a major violation, the student may be suspended from the bus for an indefinite period. See Rule 13 in the Student Behavior Code.

BUS PASS PROCEDURE

Students who are to get off the bus at a location other than the regular stop must have a written request from parents indicating the location where the student should get off the bus. This note should be taken to the office and exchanged for a bus pass. Bus drivers will accept only bus passes signed by appropriate school personnel. Students who ride the bus to school must also ride the bus home in the afternoon unless they have prior written permission from their parents or guardians.

SCHOOL BUS SAFETY REMINDER

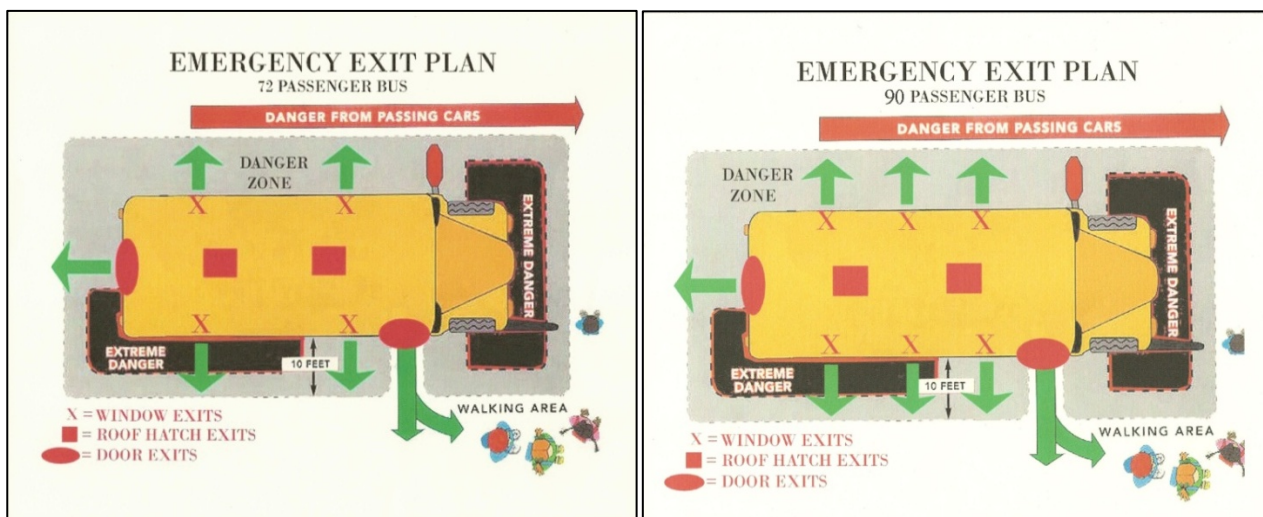

The rules that govern our buses are designed primarily for the safety of our students. The rules help to minimize distractions and obstructions for the driver and alleviate situations that could be potentially dangerous. The safety of our students is of utmost importance. With this in mind, please remember that the center aisle of the bus and the emergency exits must be kept clear at all times. Large, cumbersome items such as science project boards, large athletic equipment, large band instruments, etc. may not be transported on the bus. Glass containers of any type are also prohibited, as are animals and insects (alive or dead).

Students may bring other items on the bus that fit in their laps and will not obstruct any emergency exits.

Please contact the Transportation Office (729-8374) if you have any questions.

EMERGENCY EVACUATION PROCEDURES

- A. Front Door Evacuation
 1. Evacuate the front seat to the left of the first aisle first; then empty the front seat to the right side of the aisle.
 2. Continue this alternating procedure (emptying left seat then right seat) until the bus is evacuated.
- B. Rear Door Evacuation
 1. Evacuate the last rear seat to the left of the aisle first, then the last rear seat to the right of the aisle.
 2. Continue this alternating procedure (emptying left seat then right seat) until the bus is evacuated.
 3. The first two students evacuated should help all the other students as they step down from the rear door.
- C. Both Front and Rear Door Evacuation
 1. Students in the front-half of the bus should use the emergency Front Door Evacuation Procedure.
 2. Students in the rear-half of the bus should use the emergency Rear Door Evacuation Procedure.

**STUDENT INTERNET – ACCEPTABLE USE AGREEMENT
IMPORTANT NOTE TO PARENTS**

Due to the nature of the Internet, it is neither practical nor possible for Camden County Schools to enforce compliance with user rules at all times. Accordingly, parents and students must recognize that students will be required to make independent decisions and to use good judgment when using the Internet. Therefore, parents must participate in the decision of whether or not to allow their children access to the Internet and must communicate their expectations to their children regarding its use.

As a parent/guardian of this student, I have read the Student Internet and Inappropriate Use Policy and this Internet Access Agreement.

- I understand that Internet access is designed for educational purposes and that the school will attempt to discourage access to objectionable materials and communication that are intended to exploit, harass, or abuse students. However, I recognize that it is impossible for the school district to restrict access to all objectionable material, and I will not hold the district responsible for materials acquired or contacts made on the network.
- I understand that a variety of inappropriate and offensive materials are available over the internet and that it may be possible for my child to access these materials if he/she chooses to behave irresponsibly. I also understand that it is possible for undesirable or ill-intentioned individuals to communicate with my child over the Internet, that there is no practical means for the district to prevent this from happening, and that my child must take responsibility to avoid such communications if they are initiated. While I authorize the staff to monitor any communications to or from my child on the Internet, I recognize that it is not possible for the school to monitor all such communications. The district maintains up to date content filters that meet all requirements of the Children’s Internet Protection Act (CIPA).
- I understand that any conduct that is in conflict with these responsibilities is inappropriate, and such behavior may result in the termination of access and possible disciplinary action.
- I have reviewed Internet access responsibilities with my child. I understand Google Docs for Education is for instructional purposes and students may have individual Google accounts.

- To use the Internet network only with the permission of designated school staff;
- To be considerate of other users on the network and to use appropriate language for school situations;
- Not to intentionally degrade or disrupt Internet network services or equipment (This includes, but is not limited to, tampering with computer hardware or software, vandalizing data, invoking computer viruses, attempting to gain access to restricted or unauthorized network services, bypass filters, access proxy sites, or violating copyright laws.);
- To immediately report any security problems or breeches of these responsibilities to appropriate school system/school staff;
- To comply with all of the rules and expectations included in this access agreement and NOT to use the Internet inappropriately; and
- Not to divulge personal information, such as addresses and telephone numbers, over the Internet.

I understand that I have no right to privacy when I use the district’s Internet device or network. STUDENT INTERNET CODE OF ETHICS

1. Students accessing or using web products including, but not limited to, blogs, wikis, podcasts, Google applications, etc., for student assignments are required to keep personal information out of their postings. Students will not post or give out photographs of themselves or others, their family name, password, user name, email address, home address, school name, city, country or other information that could help someone locate or contact them in person.
2. Students will not log in to the network as another classmate.
3. Students using web tools will treat these tools as a classroom space. Speech that is inappropriate for class is not appropriate on web tools. Students are expected to treat others and their ideas on line with respect.
4. Assignments on web tools are like any other assignments in school. Students, in the course of completing the assignment, are expected to abide by policies and procedures in the student handbook, including those policies regarding plagiarism and acceptable use of technology.
5. Student blogs are to be a forum for student expression. However, they are first and foremost a tool for learning. The district may restrict speech for valid educational reasons.
6. Students shall not use the Internet, in connection with teacher assignments, to harass, discriminate, or threaten the safety of others. If students receive a comment on a blog or other web tool used in school that makes them feel uncomfortable or is not respectful, they must report this to a teacher, and must not respond to the comment.
7. Students accessing web tools from home or school using school equipment shall not download or install any software without permission.
8. Students should be honest, fair, and courageous in gathering, interpreting and expressing information for the benefit of others. Always identify sources and test the accuracy of information from all sources.
9. Students will treat information, sources, subjects, colleagues, and information consumers as human beings deserving of respect. Gathering and expressing information should never cause harm or threaten to be harmful to any person or group of people.
10. Students are accountable to their readers, listeners, viewers, and to each other. Students should report unethical information and practices to school staff.
11. Failure to follow this Code of Ethics will result in academic sanctions and/or disciplinary action.
